

# PRESS RELEASE

**DATE:** Thursday, April 11<sup>th</sup>, 2019

**SUBJECT:** Industrial Contracting Solutions Becomes Canadian Distributor for Rolfes@Boone and Ontario Distributor for Dryer Master

**Thursday, April 11th, 2019** – Industrial Contracting Solutions (ICS) is pleased to announce they are now the exclusive distributor of Rolfes@Boone within Canada. This new partnership allows ICS to supply customers across each province with Rolfes@Boone products, with the exception of Manitoba being shared with another company. With the recent asset acquisition of R.B. Agri Systems, ICS has also become a distributor of Dryer Master within Ontario.

Specializing in the feed industry, Rolfes@Boone Aeration and Environmental is a full-line manufacturer of grain temperature detection and hazard detection equipment. With solutions relating to thermal cabling and grain elevators, the company is a perfect fit for ICS's products and services.

Dryer Master specializes in drying control systems primarily within the grain industry. Their technology with help ICS provide their customers with the best equipment for their products, preventing against product dampness or shrinkage.

These partnerships come as a great addition to ICS's wide range of turnkey solutions, allowing all sales, installations, and servicing to be completed by one provider within the area. ICS looks forward to working with Rolfes@Boone and Dryer Master to better service customers with reliable products and services.
